

## **Ancora is using TELiX to manage, organize, file, classify messages and retrieve any case in zero time**

Ancora Investment Trust was founded in 1986 and since managed a variety and number of vessels ranging from Handies to Panamaxs. In 1996, Ancora expanded its activities to the management of tankers. Today, Ancora with its 50 shore based staff, is recognized as an established and quality international

manager offering both technical and commercial services for chemical / product carriers and crude oil tankers. Ancora aims to offer its customers the best services in the area of oil product transportation through a high quality fleet.

Ancora is using TELiX suite by LgMAR and its message management features for shipping to ensure safe and accurate message transmission and reception. Users at Ancora take advantage of TELiX versatility and powerful features of classification to organize and manage email, fax and Telex messages.

“TELiX is an efficient and powerful tool. We have been using it since 1990, it really helped us to organize our messages and retrieve any case in zero time’ says Mr. Michalis Tragakis head of IT operations at Ancora.

*LgMAR is a software company founded in 1989 by a team of dedicated experts in computer science and maritime business. LgMAR with the TELiX system introduced email to the maritime industry and nowadays is part of a greater TELiX Suite which includes Fleet Tracking and Performance Monitoring, Vessels' Position List, Orders List, Cargo/Port/Company Information and Vessels Sale &Purchase. LgMAR is recognized as a leading company in email software with several hundreds of installations and thousands of satisfied users in Greece, Europe, North and South America, Far East and Middle East.*
