

## **Evdemon is using TELiX on the Cloud for easy message retrieval, fast and reliable message management and collaboration**

Evdemon & Partners is a leading independent Marine Technical Consultancy firm, established in 1975 in Piraeus, Greece, that undertakes marine warranty and casualty surveys worldwide. The company's team consists of highly qualified Marine Engineers and Naval Architects who combine solid technical expertise with substantial practical experience (seagoing and ship-repair), continuously trained and updated with the latest technological developments.

The company has expanded worldwide and occupies offices in Greece, Romania, Turkey, China, Argentina, Germany and Brazil. The company's mission is to safeguard their principals' interest worldwide, by providing professional services & expert advice.

Evdemon & Partners in Greece, Turkey and China is using the TELiX suite by LgMAR as its main messaging system in the cloud to combine message reception/submission reliability and collaboration between their offices. "TELiX is helping us to communicate with our correspondents fast and efficiently. The application includes a powerful classification structure for easy message retrieval and is equally reliable and fast in the cloud as it was in our premises" says Mrs. Artemis Evdemon.

*LgMAR is a software company founded in 1989 by a team of dedicated experts in computer science and maritime business. LgMAR with the TELiX system introduced email to the maritime industry and nowadays is part of a greater TELiX Suite which includes Fleet Tracking and Performance Monitoring, Vessels' Position List, Orders List, Cargo/Port/Company Information and Vessels Sale &Purchase. LgMAR is recognized as a leading company in email software with several hundreds of installations and thousands of satisfied users in Greece, Europe, North and South America, Far East and Middle East.*
