

## Windows Telix Suite

### **iTelix April 2018 update includes:**

Better user experience for new messages, take photo and attach, save draft messages for offline use, improved use with weak cell signal.

We would like to thank Telix users for their positive comments and great ideas. You may upgrade the free application iTelix from iTunes or Google Play stores to enjoy the new features and enhancements:

The screenshot shows the iTelix app interface with several callout boxes highlighting new features:

- Tap here to select sender:** Points to the hamburger menu icon in the top left corner.
- Tap here to send:** Points to the 'Send' button in the top right corner.
- Type here to select address book recipients and sent history:** Points to the 'To:' field where recipients are listed.
- Your address book recipients:** Points to the list of recipients, including 'TELIX - info@telix.gr - Telix Software'.
- Recipients history:** Points to the 'x' icon next to a recipient, indicating a history or selection option.
- Your choice to Send, Save in/out, Clear draft, Attach for your new message:** Points to the bottom action bar containing icons for Send, Save, Attach, and other functions.
- Take Photo or Video, Photo Library, Browse:** Points to the expanded attachment options menu.

These new features add to the existing iTelix App functionality like: Ultra-fast, friendly and easy to use, fully integrated with Telix suite, text to speech, direct phone call from your iTelix address book, touch screen gestures, push notifications, vibrant text avatars, close integration with the Telix suite, print messages from your phone.
