

## Windows Telix Suite iTelix – Working with Nextcloud

iPhone users that already have a working Nextcloud app may use browse to attach files to messages. You just need to enable browsing for Nextcloud by following these instructions.

1. In a new message select browse for attachment:

2. Click on the edit menu
3. Enable browsing for Nextcloud

This feature adds to the existing iTelix App functionality like: Ultra-fast, friendly and easy to use, fully integrated with Telix suite, text to speech, direct phone call from your iTelix address book, touch screen gestures, push notifications, vibrant text avatars, close integration with the Telix suite, print messages from your phone.
