

OMNi Telix Preview All Images

OMNi allows a great deal of time savers to work with attachments. This new feature is focused on users that would like to preview all the attached images in a single page.

You may activate this by selecting the “**Preview all Images**” button on the left side of attachment names.

 **Download All**

Preview all images

Omni users also find the following quickies very helpful:

- **Download All**, to download/open all attachments with a single button.
- **Hover over**, place your mouse over an image or pdf attachment for a quick preview.
- **Drag and drop**, an attachment to a new message. Also works with, right click to select copy and paste the attachment to the new message.
- **Single click, on the attachment** for a preview.
- **Double click**, to open/download an attachment.
