# Attachments Preview and Open

OMNi allows a great deal of time savers to work with attachments. With attachments, you may see a quick, full preview, copy to a new message or document, open, download.
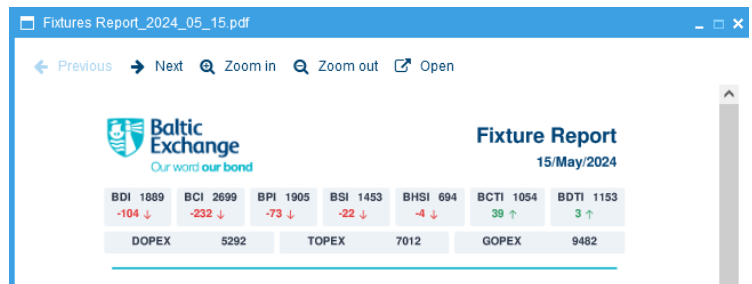

On the attachment
- Hover over with your mouse
- Single click
- Double click
- Right click

Depending on what you want to do with an attachment:

- **Hover over**, place your mouse over an image, pdf or text attachment for a quick preview. Images will be resized to best fit and pdf's will show 1st page.

- **Single click,** for a full preview. Browse all pdf pages, zoom in/out.
  Press the **Esc** key to close the preview or the **Enter** key to open/ download the attachment.
  Multiple previews are handy.

- **Double click,** to open/download an attachment.

- **Right click** to copy and paste the attachment to the new message. Also possible to drag and drop an attachment to a new message.
