Smart Search Assistant

Omni offers blazing fast and powerful search features. The smart search assistant is making search easier and better. As you start typing in search, Omni offers smart search suggestions – including both message text and tags – to help you narrow down your search.
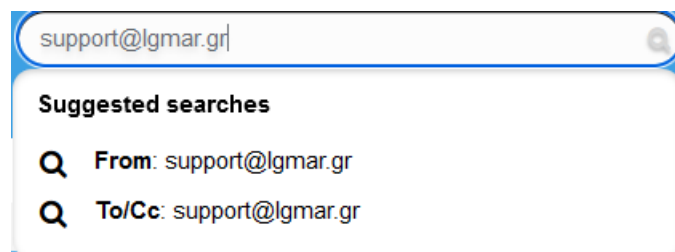

- Word search will also include:
  ==MV== *Voyager spot* ==Hamburg==
- *"MV Hamburg"* will only search for the exact phrase
- Use Subject search for more focused results.

Smart Search will also suggest for related:
- Search History
- Contacts
- Vessels
- Projects
- Keywords
- Query word Tags

Quick search will suggest a sender or recipient search in case you type an email address or domain i.e. @lgmar.gr
